

Press Release

Assistance of disabled people has been an integral part of our Holding's charity donations over the years being actively involved in various charity projects

Integrating people with mental and physical disabilities via provision of social experience raises their spirits; this is vital necessity in support to exceptional everyday care and special medical treatment they are so heavily relied on. We firmly believe that this kind of support is a crucial investment in the future of our little citizens and also helps to civilize the society.

Founded in 1998, First Step Georgia is a non-profit organization dedicated to enhancing the quality of life for children with special needs, one of the most vulnerable groups of our society. Centre for Rehabilitation and Social Adaptation was founded in 2001 with the purpose of providing support and protection to people with psycho - physical health problems via social adaptation, development and education programmes.

Holding's contribution to and attendance at the event means we saw more special children happy enjoying equal rights; it also means we felt extreme pleasure by making difference to their lives. It is whole community's duty to take care of this society group, because it benefits so much their mental wellness.

2.05.2013

GIG - the company having 20 - year business experience is one of the largest Industrial Group in Georgia. Its business portfolio includes coal mining, electric power generation (hydro, natural gas and coal-fired stations) natural gas trade and real estate management.
